## **SAITO-UP CAPSULE/SYRUP** **(Height + Health + Memory + Energy)**

This medicine has been prepared by a totally different formula. This is especially beneficial for developing physical, mental and intellectual capacity. We have used high quality vitamins, minerals & rare herbs in formulation of this medicine. This medicine does not have any side effect on the body. The medicine has been formulated after thorough study & research and has been prepared with the objective of increasing your height, health, memory & energy.

As soon as you start using this medicine, a new kind of energy starts flowing through your body due to which development of height, health & memory starts appropriately through your body. It will provide you considerable activeness. It has to be taken for a period of 3 to 4 months continuously, then after a gap of one month, use it again.

For increasing the height, persons from 8 to 20 of age can use this medicine.

Persons upto the age of 90 can use this medicine with the objective of increasing their memory & for their physical development.

### Method for usage :-

1. Persons with age upto 20 years should take one capsule & one spoon (5 ml.) of syrup per day.
2. Adults should take one capsule & one big spoon (10 ml.) syrup per day.

Special :- Special care must be taken for diet intake. Nutritious food products like pulses, rice, cheese, green vegetables, butter, milk, juice, fruit & egg can be included in the meal.
